Project Name	OptiCrop – Smart Agricultural Crop Recommendation System
Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Conducts soil testing • Collects weather details • Opens the OptiCrop application	• Enters soil and climate parameters • Submits the form • Waits for prediction	• Reviews recommended crop • Compares alternative suggestions • Plans cultivation accordingly
Touchpoint <i>What part of the service do they interact with?</i>	• Soil testing report • Web application homepage • Input form	• Prediction engine • Flask backend • Processing screen	• Result dashboard • Recommendation cards • Probability chart/API response
Customer Thought <i>What is the customer thinking?</i>	• "Are my soil conditions suitable?" • "Will this improve my yield?" • "I need accurate data."	• "I hope the recommendation is reliable." • "Is my input correct?" • "How quickly will I get results?"	• "Which crop will be most profitable?" • "Can I trust this recommendation?" • "What should I cultivate this season?"
Customer Feeling <i>What is the customer feeling?</i>	Curious, hopeful, cautious	Interested, confident, expectant	Satisfied, informed, confident

Process Ownership <i>Who is in the lead on this?</i>	Farmer / User	OptiCrop System (Flask + ML Model)	Farmer / User
Opportunities <i>How can we improve this stage?</i>	• Integrate IoT soil sensors • Auto-fetch weather data • Simplify data entry • Integrate IoT soil sensors • Auto-fetch weather data • Simplify data entry • Integrate IoT soil sensors • Auto-fetch weather data • Simplify data entry	• Reduce prediction time • Improve recommendation accuracy • Add multilingual support • Reduce prediction time • Improve recommendation accuracy • Add multilingual support • Reduce prediction time • Improve recommendation accuracy • Add multilingual support	• Provide fertilizer suggestions • Show market prices • Enable report download and recommendation history • Provide fertilizer suggestions • Show market prices • Enable report download and recommendation history • Provide fertilizer suggestions • Show market prices • Enable report download and recommendation history
