

Data Flow Diagram

Date	29 June 2026
Team ID	XXXXXX
Project Name	OptiCrop – Smart Agricultural Crop Recommendation System
Maximum Marks	2 Marks

Data Flow Diagram

Create a Data Flow Diagram (DFD) to show how data moves through your system - between external entities, processes, and data stores. Use the symbol legend below as a guide.

DFD Symbol Legend

Symbol	Name	Description
Oval / Rounded shape	External Entity	Farmer / User
Rectangle with numbered header	Process	Crop Recommendation Process
Rectangle (solid fill, no number)	Data Store	Crop Recommendation Dataset (CSV)
Labeled arrow	Data Flow	Trained Random Forest Model (.pkl)
Labeled arrow	Data Flow	Soil & weather inputs, validated data, prediction request, recommended crop, probability scores

Example

The diagram below illustrates how the symbols above come together to form a complete data flow diagram.
